Projects Dashboard

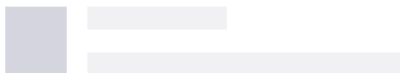

Working on

It feels empty, doesn't it? Start working with Taiga and you'll see here the stories, tasks and issues you are working on.

Watching

Follow user stories, tasks, issues in your projects and be notified about their changes :)

SPRINT TASKBOARD

Create Tasks

The screenshot displays a project management interface. At the top, a header bar includes a 'Projects' tab, navigation icons, and a user profile. A sidebar on the left contains links for 'Issues', 'Search', 'Wiki', 'Team', and 'Settings', along with a 'collapse menu' button. A dropdown menu for 'Projects' is open, showing 'Graph Plotter', 'View all projects', and a '+ NEW PROJECT' button. The main area features a Kanban board with columns: 'USER STORY', 'NEW', 'IN PROGRESS', and 'READY FOR TEST'. The 'NEW' column contains two user stories: '#5 User Story 4' (13 pts) and '#2 User Story 1' (3 pts). The 'IN PROGRESS' column contains a task card '#6 Task 1' (Not assigned). A summary bar at the top right shows progress metrics: 0% completion, 16 total points, 0 completed points, 2 open tasks, 1 closed task, and 0 iocaine doses. A search bar and zoom controls are also present.
